

FOR CAMERON

Here is a worthy program for Cameron. Cameron needs these things and we should keep Cameron ahead:

- More Street Paving
- A Cotton Mill
- A Canning Plant
- A full time, fully paid secretary for the Commercial Club.
- Better Street Lighting
- Diversified Farming
- More Poultry and Livestock
- More Produce and a Better Market Outlet for Same.
- A Better Spirit of Co-Operation.
- Development of Pecan Industry
- An Agricultural Experiment Branch
- An Application of the Soil Survey
- A Junior College
- A Fair Association
- More Sidewalks and Beautification of School Grounds.
- Sanitation.

A. F. MITCHELL IS NAMED CHAIRMAN OF C. M. T. C

YOUNG MEN MAY GET 30 DAYS FREE CAMP LIFE AND TRAINING

A. F. Mitchell has been notified of his appointment as chairman for Milam County for the Citizens Military Training Camps operated by the United States Government.

The notification came in a letter to Mr. Mitchell from Ralph H. Durkee, civilian aid to the secretary of war for Texas. Mr. Mitchell has accepted and has a notice in this issue to the young men who desire military training.

There is no expense whatever attached to this camp, says Mr. Mitchell. The following physicians have volunteered to make examinations free: Cameron: Dr. A. S. Epperson, Dr. W. R. Newton, Dr. E. Rischar, Dr. T. E. Crump; Dr. W. R. Wallis, Rockdale; Dr. W. H. Lyons, Buckholts. Dr. E. L. Lawrence and Dr. Wm. D. Pettit, Thorndale.

All information desired by young men between the ages of 17 and 24 may be obtained from Mr. Mitchell.

This appointment brings all activities in behalf of this summer's C. M. T. Camps under his direct supervision.

Plans for the camps, which Mr. Mitchell has received provide for the apportionment of separate quotas to each county so as to give a fair allotment of vacancies to all parts of the State.

Mr. Mitchell says that regardless of quota for this county, every acceptable young man in the county has an opportunity to apply and may be accepted.

He hopes the response to the Government's offer of thirty days camp life and training, without personal expense, will exceed the quota.

Only those who complete enrollment at an early date can be assured of attending camp.

Complete enrollment, Mr. Mitchell explained, includes the proper filling out of an application blank, accompanying it with a certificate of character from a reputable citizen and physical examination, vaccination and inoculation, usually performed, free of charge, by a local physician.

SALE SUCCESS

W. B. Levy in charge of the Goldberg sale selling the Levy stock says the sale is a success. He had one of the best days of his career here on last Saturday, the opening of the sale. Mr. Levy purchased his advertising matter from The Herald and ran an advertisement in both papers.

TRIGGS SALE BOOMING

The White Sales Company purchased 5000 double page circulars from The Herald last week and have placed them in the mail advertising the Triggs stock. Mr. White is making a success of the sale. He has been using local newspaper space in aiding the sale. He is a successful sales conductor. The Triggs stock is being sold out regardless of the prices and sacrifice of merchandise.

CAMERON TO WELCOME SCHOOL PUPILS HERE MARCH 18 AND 19

NOTED LAYMAN TALKS TO BAPTIST S. S. CLASS

CLARENCE A. BOYD OF WASHINGTON D. C. BRINGS SERMON MESSAGE TO MEN

Clarence A. Boyd representing the United States Chamber of Commerce in Washington, D. C., addressed the Baptist Bible Class Sunday morning at the Baptist church on the subject of service.

Mr. Boyd formerly an executive officer in one of the largest steamship systems of the country and now with the United States Chamber of Commerce, is an active layman. He told experiences and how as he goes over the country he brings the message to the men. He characterized Christian service as the greatest business in the world and urged upon the class the adoption of a wide awake program.

F. B. Cable, teacher of the class will lead the discussion next Sunday and all the members are urged to be present.

The class will appoint a nominating committee on next Sunday to nominate officers and teachers for the next year.

CHRISTIAN CHURCH

To the members of the Christian church. Rev. Howard Peters will begin conducting services at the Christian church Sunday morning. All members are urged to be present and friends are cordially invited.

CAMERON SCHOOL IN WELCOME TO VISITORS

T. A. FISHER EXPRESSES DESIRE OF ALL TO MAKE TWO DAYS PLEASANT

The Board of Trustees, the faculty and the students of the Cameron schools extend a very cordial invitation to all other schools in Milam County to be present for the two days of the County Meet to be held in Cameron on Friday and Saturday, March 18 and 19. The citizens of Cameron join most heartily in this invitation. We would like to see every man, woman and child in Milam County present for this great meeting.

While the meet will have an especially strong appeal to the young people of the county, the older ones will derive a great deal of pleasure and profit from mingling with the young folks for these two days.

Here will be found the finest of the young citizens of Milam County engaged in the friendly rivalry of wholesome athletic contests that will call forth the best of endurance, skill and prowess, and in matching wits and skill in debate and oratorical contests and the various other literary events of the meet. And as they enter these contests these boys and girls will be receiving training that will help to equip them for the highest type of American citizenship. Leadership will be set in motion here that will carry these fine young men and young women of Milam County into positions of responsibility where they will be able to give back to their several communities, their state, their nation and the wide world a full measure of service in return for the great opportunities for training being offered them through the public schools.

Especially do we want the school children of Milam County to know that their friends, the students of the Cameron schools, will welcome them gladly on this occasion. They are looking forward with pleasure to the time when they shall have as their guests the pupils from the towns and rural districts in every part of the county and promise to welcome them in a spirit of true friendship.

All roads lead to Cameron for this great occasion and you will find a cordial welcome awaiting you at the end of the road.

Mr. and Mrs. Kirby Boles went to Waco Monday.

How About Saint Monica's?

The disastrous fire on February 17 has not only brought gloom to the parishoners of that parish but on the people of Cameron as a whole irrespective of their creeds.

There is no town, as Rev. Father Apel states, where there is more tolerance and harmony, than in the smiling city of Cameron. We have some information about a meeting held last Sunday by a selected committee of the church but nothing has been decided as yet.

Whatever the decision may be about restoring the church, in the opinion of The Herald it should be something attractive for Cameron. A new structure, attractive to all of us would be a credit to Cameron and Cameron people.

But to erect such a structure, requires heavy burdens on the congregation, therefore the people of Cameron should show your sympathy and appreciation and lend a helping hand if they should desire to call upon us.

The people of St. Monica's parish have helped to build up Cameron by their hard labor and by assisting in this time of disaster we would only be returning some interest on the capital they have invested. Let us not hesitate for the one who gives quick, gives double.

Come on good people of Cameron and send in your donations to The Herald where credit will be given in our next issue.

Mayor Judd G. Davis expresses the feeling of all Cameron in this letter following the fire:

March 9, 1927.
Rev. Geo. Apel, Pastor,
St. Monica's Church,
Cameron, Texas.
Dear Father Apel:-

It was with regret and sorrow that the news of the destruction of your church by fire came to me a few weeks ago and I am sure that all our people, regardless of religious faith, deplore it as much as I do and deeply sympathize with you and your parishoners in the great loss. We know and are appreciative of the spirit of devotion of your people to the church and of the poignant sorrow which will continue to be their's until they again have a house of worship adequate and commensurate with the needs of the parish.

I am hoping that the plans which you have in mind for rebuilding immediately a better and more beautiful church will come to a fine and successful fruition. To this end I trust that the efforts which you state to me you are going to put forth, within the very near future, to solicit funds from our people to assist you in this most worthy undertaking will meet with generous and hearty response by our citizens.

Assuring you of my best wishes, I am,

Yours very sincerely,
JUDD G. DAVIS,
Mayor, City of Cameron.

CITY ELECTION APRIL 5

The city general election will be held on April 5th for the election of two aldermen. E. L. Brod and Logan Green are the nominees of the city primary for these offices.

It is hoped that enough interest will be shown to get a good vote on that date.

CLEAN UP SUCCESS

Hundreds of truck loads of cans and rubbish have been hauled away from Cameron homes during the past week. The city furnished the trucks and the labor to haul the trash away.

Logan Green in charge of the street work says the amount of trash hauled away is enormous. The people appreciate this work on the part of the city and the people co-operated with the Mayor in this clean up drive.

LEGION MEN TO PRESENT YIMMIE YOHNSONS YOB

HOME TALENT PLAY HERE ON MARCH 17th UNDER BURLINGTON DIRECTOR

"Yimmie Yohnson's Yob," a home talent play under the direction of E. B. Hess of Burlington, will be presented at Knights of Columbus Hall in Cameron Friday night, March 17th.

This play enlists the talent of Burlington people under the leadership of Mr. Hess who has been very successful in promoting plays.

It is a gripping, humorous three act drama and there will be music and all stage affects to give it the entertaining value that makes the play worthy of bigger stages.

Cameron people will recall the plays here last year by Mr. Hess and his friends.

The play on March 17th will be under the auspices of the American Legion men of Burlington and Cameron. The proceeds will be shared by both cities.

The admission charge is for adults 35c and children 15c.

Everybody is invited to attend this play and a good time is promised. A good laugh and a good time is worth a dollar anytime. You get both for only 35c in this play and in attending you help a worthy cause—the soldiers who went over to fight for the nation.

LIONS ROAR IN SUPERB ENTERTAINMENT ARRAY

ROYAL P. JETER, MASTER AT REPARTEE, GIVES BOYS BIG THRILL

In the first of what Lions hope will be a series of monthly meetings with special entertainment, the club on Tuesday night held forth in the basement of the Methodist church with a banquet around the table of which about 50 Lions gathered for the roaring good time.

Royal P. Jeter, master at repartee, and entertainer excellent, gave the boys a big thrill with his ready program of wit and humor as he introduced each member and guest.

That was the program. "Jeter introduced them," was the way a Lion expressed it to a representative of this paper who was not fortunate enough to be included in the guest list. As a master of the situation Mr. Jeter filled out a well planned program, thru extemporaneous in his remarks, completing the evening of fun with his presentation of the men present.

Paul Webb, president of the club, presided at the session and Mr. Jeter in charge of the program furnished the entertainment.

Mr. Jeter told stories and brought laughter and in a good spirit of Lionism brought the house down in many peals of laughter.

The Methodist women served a plate of roast, potato salad, beans, gravy and rice with hot rolls and coffee followed by angel food squares and ice cream.

Rev. E. S. Hutcherson was on the program for the invocation. Mrs. Alex Triggs sang "A Perfect Day" and responded to the encore with another song.

Mrs. W. B. Levy played the piano accompaniment. A special song program was rendered before the introductions. Lions T. A. Fisher, Dr. Jas. Watson, F. E. Jackson and J. C. Martin assisted in these songs by leading.

ADVERTISING PAYS

J. T. Parma had an ad in Cameron papers last week offering eight cents for each one clipped and brought to his store. The result was that a large number brought them in. "It pays to advertise," said Mr. Parma. He is a consistent advertiser and always gives prices that are attractive.

YOUR GOVERNMENT

WHAT THE CITY COUNCIL IS DOING

Street commissioner Logan Green says through a misunderstanding a number have been getting sand from the streets. In some cases holes have been left where the sand was removed. "Please say that this is not authorized and I have asked the City Marshal to assist us in stopping this practice." The city would be glad to accommodate the people in any reasonable way, he said, but cannot permit sand or dirt to be taken from the streets without authority of the council. Sand needed by citizens will have to be obtained from those who sell it and not from the streets.

Street work for the past week or more has been confined to a better drainage system. Mr. Green has some extra help and is kept busy on the drainage program.

Wm. Rogers is interested in improving the city park. He says the street department will be asked to give more than a hundred loads of dirt for the park to keep out standing water in the park. The council has authorized the street committee to take the mistle toe out of the trees. W. O. Triggs is interested in tree surgery and will seek to have some of the trees repaired so as not to lose them.

The Texas Power and Light Company has asked for an easement to run a line of poles and wire across a portion of the park in order to serve their patrons adjacent. This matter will be presented at the next meeting on Tuesday night, March 15.

Reports from Houston say that R. D. Brown, city secretary is improving. His friends hope that he will soon be up and able to attend to his duties.

The city has received a copy of the bill requiring the cities and towns of 40,000 and less population to maintain meter testers for the benefit of consumers. The bill was passed with an emergency clause and signed by Governor Moody. The matter of purchasing a tester is now under advisement of the mayor and inspector Jack Owings.

City Attorney Webb has been asked to prepare an ordinance to regulate the speed of trains in the city limits. Friends of Mr. Webb will regret to learn that he is contemplating moving away from Cameron.

He has received an offer in the oil business in West Texas and will go there next week on a prospective trip. His decision has not been made.

Dan Tyson is acting secretary in the absence of Mr. Brown. He is attending to the affairs at his office in the city hall and this assistance is greatly aiding the council. Mr. Tyson receives no extra compensation for this.

Logan Green, street commissioner, says a number of culverts are needed in various parts of the city. It is believed the council will undertake some program to construct these and to improve the drainage of the city.

The city will expect a report at the meeting Tuesday night from A. F. Mitchell and J. F. Brown on plans to improve and restore to working condition the sewage disposal plant. Those interested point out that the city has \$25,000 invested in the plant and because of overflows, the wooden shutters have been destroyed. It is proposed to close up the plant with cement with manholes and eliminate all future trouble. The plant will have to be cleaned before it will operate properly. The condition has been cited by the state board of health with the claim that the stream is being polluted.

MANY EXPECTED HERE FOR TWO DAY MEET

PROGRAM FOR TWO DAY MEET COMPLETED AND PEOPLE EXTEND WELCOME

The program for the Interscholastic League Meet here on Friday and Saturday, March 18 and 19 has been completed under the direction of T. A. Fisher, superintendent and L. Van Perkins, principal of the high school.

The program calls for two days of activities on the part of the school children, participating in the athletic events, the literary and other features that make up the meet.

A full program has been issued by Mr. Perkins and several thousand have been distributed. In this issue of The Herald it presents the full program giving all details.

The Cameron merchants and banks join in a welcome extended to the school children of Milam County. In this spirit of friendship for other communities the city is preparing to entertain the pupils and their teachers who come here on these days to carry out the program of the meet and to profit by association.

The local committee is expecting a large crowd. If the weather remains fair it will be one of the largest gatherings in the history of the league.

The Commercial Club joins with the merchants and the citizens generally in extending a welcome to the school children of the county.

TEXAS FEE SYSTEM TO BE VOTED ON BY PEOPLE

HOUSE COMMITTEE IN REPORT URGES STEPS TO ABOLISH SYSTEM IN STATE

Austin, Tex., March 9.—Brought to quick action by the United States supreme court opinion questioning validity of the judiciary fee system the house constitutional amendments committee today reported favorably for passage of a resolution by Representative Wassell for a constitutional amendment to eliminate the Texas fee system.

The supreme court opinion in an Ohio case is construed by many legal authorities here as knocking out the fee system, at least as far as judicial officers are concerned by declaring persons financially interested cannot sit in trial of criminal cases.

The proposed amendment would be submitted to the voters in November, 1928, proposing to permit the legislature to fix the compensation of all county officials to replace the "unfair and iniquitous fee system as now prevails under the constitution."

Austin, Tex., March 9.—Abolition of fees to officers who make arrests for speeding was approved by the senate committee on highway police when it recommended favorably a bill by Representative Williamson establishing a state highway patrol.

The bill, in line with the recent supreme decision concerning fees payable to officers and judges on the conviction of defendants, would do away with all fees paid to officers making arrests for speeding and is designed to do away with speed traps.

County and other officers who enforce the highway laws would be paid salaries instead of receiving fees for their arrests.

Lamb With Two Bodies And Eight Legs Born

A lamb with two bodies, eight legs and one head was born near Cameron last week. Dr. G. E. Sutton is having the animal's body preserved and mounted.

The lamb had two perfect bodies, one head and three ears. The eight legs and other features were perfect.

Will Sartain of Muskogee, Okla., is visiting here with his niece, Mrs. B. V. Shirley.

Tiny Finds a Way

By HOMER B. KING

(© 1925, Western Newspaper Union.)

TO BIG JIM CARNAHAN—Lippy—and Tiny Perkin, had come the parting of the ways.

It was the finding of a rich old river bed at the end of the fifty-foot tunnel they had driven into a hill that caused the trouble; after years of seeking, the possibility of sudden wealth had suddenly awakened in Lippy the devil's cupid.

Today the last of the gravel they had wheeled out was being sluiced and Carnahan had driven Tiny away, swearing he would twist his skinny old neck if he came back before the work was finished. Sneaking around through the brush, Tiny hid close to where the big fellow was working, and for two hours watched him, and before leaving he knew Carnahan was robbing him.

When Carnahan entered the cabin, Tiny greeted him in his usual cheery manner.

"How'd she clean, Lippy, boy?" he chirped.

"Not much—that's all." Carnahan growled, dropping two slim buckskin dust bags on a slab table.

An hour after Carnahan took from beneath his bunk two other bags of gold dust.

"Pull up!" he ordered. "I'm going to divide what we've got."

"What's the idea, boy? Can't we do that when we get to Mt. Idaho?"

"No! We're splittin' right now."

"Why?"

"Because," Lippy rasped, thrusting his heavy face forward. "Because, old man, you leave tomorrow for outside. I'm through supportin' you."

"Why, Lippy, you ain't supportin' me—our claim's more than delp't that."

Carnahan laughed shortly.

"Our claim?" he scoffed. "Ain't you woke up yet to the fact that you ain't got no claim? It's mine, old man."

After pouring half of the second bag on a piece of paper, folding it and pushing it toward Tiny, he rose, and first placing his gold beneath his jacket pillow he dropped on his bunk.

For a time Tiny sat silent. "Boy," he at last quivered, "what you've done ain't square, but I've lived a long time and seen lots of things—and understand. I've found out that gold madness is worse than most anything a man can get—and Lippy you've got it!"

"Shut up or I'll—"

"See," Tiny interrupted, "it'd make you murder your best friend. Come on, son, let's get away. We'll go down to Mt. Idaho and spend the winter."

Carnahan leaped to his feet. "Cut it, you old rat! I know what you are drivin' at—you want to get me out where you can make a fight for half of this claim. Well, you don't do it—and tomorrow you git!"

It was after midnight when Tiny, leaving Carnahan snoring loudly, slipped out and hurried up the creek to the tunnel. Lighting a stub of candle he went inside. In half an hour he found Carnahan's cache. His next move was to stick fuses into several sticks of giant. Five fuses he capped; the others he only tied to the powder and dropped them into a sack which he hung across his shoulder, leaving the fuses dangling. Next he placed two of the leaded sticks at the tunnel mouth, lighted them and ran down the creek toward the cabin.

He was still running when the explosion came and small rocks rattled about him. He heard the roar of sliding earth and knew the tunnel was no more. Next he heard Carnahan yelling his name as he ran toward him, and slipping into the brush he let him rush past. Then he ran on to the cabin. First he took the gold from beneath Carnahan's pillow. Next he carried out their remaining grub, Carnahan's clothes and their blankets. Dividing the food he put his part into his sack; the other half he left on top of the blankets. Placing two sticks of giant in the doorway he again ran. Then came the roar and the cabin was a tumble of logs.

"Two minutes after, raging like a crazy man, Carnahan came running back, and Tiny, swinging about his head a stick of dynamite with lighted fuse, yelling like a mad man, leaped toward him.

"Git out of the way!" he screamed. "Git! I'm comin'. I'm the powder man—powder man!" he sang, and disappeared into the bush as the roar of the powder he had thrown sounded.

Lippy gave one look and ran as though devils were pursuing him.

In Mt. Idaho, two days later, Lippy, red-eyed and haggard from sleepless nights of terror, stood before Sheriff Adams.

"I tell you, sheriff," he was saying, "he's plum crazy. Poor little devil. Why, man, he done his best to blow me to smithereens with dynamite. He did blow up our tunnel and cabin. We'd made the biggest cleanup of our lives, too, and he blowed it plum to kingdom come, but—"

"Hello, Lippy—figgered I'd find you here," Tiny called from the doorway. "Beat me in by an eyelash, didn't you?"

"Look out!" Lippy yelled, dodging behind a desk. "Look out! He's got the powder in that sack! Look out!"

Tiny grinned.

"Don't get excited, sheriff. I throwed the powder away 'fore I got into town. I got suthin' better'n powder here," and he dumped on the desk six buckskin bags. "Wish you'd weigh that sheriff. Half's mine and half's Lippy's. Him and me had a little argument back at the mine. Howsomer, it's settled now, ain't it, Lippy?"

A RESOLUTION

Whereas, the ordinance of the City of Cameron require the holding of an election for the election of three aldermen for the City of Cameron, Texas, for the years 1927:

Morning prayer and sermon at 11 a. m. Sunday School at 9:45 a. m. Young People's Service League at 1:30 p. m. Special lecture services, Thursday nights at 7:30, Friday mornings at 10. You will be welcomed at any of these services.

AS YOU LIKE IT CLUB

One of the outstanding social events of the week was the entertainment given for the As You Like It Club by Mrs. R. H. McIntosh at her attractive home on North Central Avenue Wednesday afternoon, featuring the anniversary of Texas Independence.

The home was beautifully decorated with long stemmed red carnations and dainty white and blue sweet peas.

In a contest each guest was given a cardboard where the map of Texas was to be drawn and a delightful love story was read giving the names of the towns that were laid hidden in the story and each guest was asked to locate the town by placing a pin where the town was supposed to be. This was a test of Texas geography. The guests were then invited into the dining room where two tables were decorated with the chosen flowers. Place cards directed the guests to their places, where a carnation was laid at each plate. The hostess, assisted by her charming little daughter, Katherine, served delicious refreshments. During the refreshment hour each guest was asked to relate some interesting event in the life of their family in the earlier days of Texas, which afforded much enjoyment and interest to the guests.

The following program was rendered: Mrs. Jeff T. Kemp read a poem on Texas.

Mrs. W. H. Henley read a paper on the six flags of Texas.

Mrs. T. S. Henderson paid a tribute to "The Lone Star State."

Mrs. J. C. Martin read a paper on "Why I Love Texas."

Those present besides club members were: Mesdames Arch E. McVicar and E. H. Hartle of Wichita, T. S. Henderson, Jeff T. Kemp and J. C. Martin.

Mrs. G. C. Walters was hostess to the ladies of the Christian Aid Society last Monday afternoon at 3 o'clock. There were ten in attendance. Mrs. E. B. Lovick led the program, and Mesdames Adams and Morgan read interesting papers on India. Mrs. Walters, assisted by Mrs. Bill Howell served delicious refreshments.

CHRISTIAN AID SOCIETY

The Christian Aid Society did not have a meeting last Monday afternoon on account of the disagreeable weather. Next Monday afternoon they will meet at the church at 3:30 o'clock.

BAPTIST W. M. U.

The W. M. U. met at the church last Monday afternoon for a business meeting with 26 members present. Reports from the various committees were heard. It was reported that there were thirty three sheets sent to the Buckner Orphan's Home.

On next Monday afternoon the meeting will be held in circles at the following places:

Circle one with Mrs. W. V. Fancher.
Circle two with Mrs. J. C. Martin.
Circle three with Mrs. S. M. Burns Sr.

Circle four with Mrs. J. S. Hubert. Starting next Monday night Mr. Black will teach the Sunday School Manual and every officer and teacher who does not hold a diploma is urged to take this course.

The Sun Beams will meet at the church Sunday afternoon at 2 o'clock.

The Royal Ambassadors will meet at the church Sunday afternoon at 2 o'clock.

The Girl's Auxiliary will meet at the church Sunday afternoon at two o'clock.

HEITMANN-EICHINGER

The marriage of Miss Rosina Eichinger to Mr. Frank Heitmann was solemnized at the Catholic church on Tuesday evening, March 1, 1927 at 7:30 o'clock. Rev. Geo. Apel performing the ceremony.

Only relatives and close friends of the family witnessed the ceremony.

Mr. and Mrs. Heitmann will have light housekeeping rooms at the residence of Mrs. A. R. O'Neal.

TREBLE CLEF CLUB

Miss Harriet Flinn was hostess to members of the Treble Clef Club on Saturday afternoon with their sponsor, Mrs. Claude Bradbury, leading an interesting lesson on the life of the composer, Mozart, after which piano numbers were rendered by Misses Ethel Green and Bethel Middleton. The hostess served a salad plate with hot chocolate.

HENRY-WORLEY

The marriage of Miss Flora Mae Worley to Mr. Joe Henry of Rockdale was solemnized at the Baptist parsonage in Cameron, Sunday afternoon March 6th at 4 o'clock, with Rev. E. S. Hutcherson performing the ceremony. They will make their home in Rockdale.

McNAIRE-HEWITT

Miss Mary Hewitt and Mr. Ray McNaire of Cameron were married at the Baptist parsonage Saturday night, March 5, 1927, by Rev. E. S. Hutcherson. They will reside in Cameron.

STANISLAW-HESELMAYER

A wedding of much interest to friends was that of Miss Emily Stanislaw to Mr. Marvin Heselmeyer, both of Taylor, Tuesday, March 1st, 1927. The wedding took place at the courthouse in Georgetown, after which the happy couple departed for a wedding journey to San Antonio.

The bride is the daughter of Joe Stanislaw of Rockdale, and the groom is the son of W. N. Heselmeyer, a well known pioneer citizen of Taylor. They will reside in Taylor.

The groom at present is employed with the Smith Motor Company.

Their many friends wish for them happiness and prosperity in their wedded life.

PRESBYTERIAN AUXILIARY

The ladies of the Presbyterian Auxiliary of Cameron met with Mrs. T. F. Criswell at her home last Monday afternoon. After a business session conducted by the president, Mrs. Ben Alkinson, a reading, "Rejected," was given by Miss Tip Messimer, followed by a "George Washington" contest. Mrs. Graham Gillis received a jar of cherries for making the longest list of words using letters in the name, "George Washington." Mrs. Meyers was consoled with a toy hatchet. Little Dallas Criswell recited "I Wonder" (a small boy's life compared with that of George Washington).

The hostess served pecan cake, jelly

to topped with whipped cream and cherries. Plate favors were tiny flags. Beside members those present were Mrs. F. W. Patterson of Dallas and Mrs. H. N. Harris.

MAYSFIELD 4-H CLUB

The Maysfield 4-H Club met March 5. All had some kind of work to do. Everyone was busy with her own work or helping someone else. We mean by helping someone, giving hints to someone who wishes to know how to complete a piece of work. There were a number of things worked on.

There were eighteen members present and one visitor Miss Mildred Burnett of Jones Prairie who is also a club member.

The Southern Pacific Railroad is offering to every girl in the clubs of every county in Texas a free trip to the one that keeps the best record book. The books will be taken up in July and be graded. Maysfield Club is determined to be the one to go from Milam County.

The club girls received some snappy new songs to learn, also the clubs motto and prayer. Everyone should know the club motto and prayer and try to live up to it.

The next meeting will be held on the third Friday of this month, on which day the four classes will receive demonstrations in cooking.

BLACKWELL-MINNOCK

The marriage of Miss Addie Myrtle Minnock, sister of Mrs. Leonard Pattillo, to Mr. M. T. Blackwell of Lometa, occurred Sunday morning at 9:30, February 27, 1927 at the home of Rev. and Mrs. Gregory with Mr. Gregory performing the ceremony.

The bride is a very charming young lady and is well known in Buckholts, having attended school there and visited often in the home of her sister. The groom is a successful and popular young business man of Lometa.

The happy couple left immediately for a two week's wedding journey. They will make their home in Lometa.

MONDAY NIGHT BRIDGE CLUB

The bridge Club was delightfully entertained by Miss Jennie Tyson at the home of her parents, Mr. and Mrs. R. R. Tyson, on Monday evening. The rose color scheme was emphasized in every appointment.

High score was won by Miss Eloise Rogers, a picture of the Blue Boy. Consolation was given to Mrs. Thad Epperson, a deck of cards. The hostess served refreshments of grape punch and cake. Miss Eloise Rogers was a club guest.

DISTRICT COURT NEWS

The case of State vs. Bryan White

charged with manufacturing intoxicating liquor set for trial Monday, March 7th was continued for the term.

Two cases of State vs. W. D. Whitaker and State vs. Ted Smith, charged with forgery, each pleaded guilty and were given 3 years suspended sentence by jury.

On Thursday, March 3rd., the Court overruled motion for new trial by defendant, J. A. Claxton, who was convicted of the murder of Otto Junek and sentenced to 99 years in the penitentiary, and defendant gave notice of appeal to the Court of Criminal Appeals.

The companion J. A. Claxton case wherein he is indicted for the murder of J. M. McAlpine and which was set for trial for Monday, March 14th, has been continued for the term, and the witnesses that were notified to be pre-

sent in Court on said day have been excused from attendance by District Judge John Watson.

Mr. and Mrs. Joe B. Kreusch of Temple were guests in the home of Mr. and Mrs. John Woolley Sunday.

Rev. E. S. Hutcherson, pastor of the First Baptist church, Cameron went to Bryan Tuesday to attend a meeting of the Baptist Association, composed of two counties which met at that place. Mr. Hutcherson had an important part on the program.

Without A Doubt

That is the verdict of all. They say beyond question the greatest values on the American market today.

Greater power, greater economies and greater values, all released in the New Hudson-Essex Models now on display at the salesroom of The Tire Store.

"How can they build a car so fine for such a moderate price," an interesting customer asked.

The secret is large production induced by large sales to the people who find in HUDSON-ESSEX something in motor car value not given by any other automobile in the world.

THE "AUTOMOBILE POOR"

A motor mortgage company reports \$500,000,000 in automobiles were bought on the installment plan last year and the retail clothiers' association cries "national ruin." Income tax returns show 4,000,000 people with incomes of more than \$2,000, yet there are 10,192,000 registered automobiles. More cries of extravagance and ruin. Another report shows there are 6,000,000 people earning less than \$40 a week who own automobiles. A panic is inevitable, is the reverberating answer. But then upon the top of it all banks announce more and larger savings accounts and life insurance companies are thriving on a big increase in issued insurance.

Solace for the calamity howlers may be found in the statistical report that the bad accounts among the automobile installment plan buyers amounted to less than one per cent of the huge amount involved last year. At least the "extravagant poor" are paying their way.

Many incomes are mortgaged annually for the purchase of automobiles on periodic payments, also for buying of homes, furniture, musical instruments, clothes and even life insurance. But for this plan of buying many of the joys and needs of modern life would be denied the masses. As long as the payments are paid on time there is no harm done, either personal, economic or social. Men and women have an inalienable right to spend their money where they will.

Should the visioners of an automobile-induced economic disaster acquire relative control there may eventually be an un-American attempt to deny the poor the joys of the open road and cheap transportation. Thus far no such control has developed and the "calm and collected" feel assured that if the case is as bad as painted it will cure itself where the cure is most needed. The maxim that the law does not concern itself with trifles is more honored in the breach than in the observance, and yet it is applicable to larger and more serious matters than the purchase of automobiles.

THIS VERSATILE MONTH

All of the evidence considered, it is agreed that the month of March is the dissenting member, the erratic revolutionary, the most fickle of the fickle and the most irresponsible of the undependable among the 12 major divisions of the calendar year. It is born of both winter and spring by virtue of the calendar and weather tradition. It is nature's sample case. There are weather reasons for the existence of the "crazy March hare" and the prophetic association of March with the lion and the lamb.

Throughout the major portion of the United States the month of March is welcomed because it marks the death of winter and the birth of spring. Among the time honored days of the year none is quite so well-met and joyfully received, as March 21, the first day of spring. Sometimes the first day of spring does not live up to its calendar designation and harsh winds or deadening snows strive for supremacy over the urge of spring but to no avail.

March was made famous by the first day of spring, but to many was made infamous by the income tax, for March 15 is annually designated as the final day on which the income tax returns may be filed without penalty. Perhaps the coming of spring will bring a ray of hope to those who have six days before being penalized for their incomes.

The third month of the year brings St. Patrick's Day, observed on March

37. March is also the anniversary month of the introduction of the postage stamp in the United States, of Perry's opening of Japan, of the Alaska purchase and of the battle of the Merrimac and Monitor.

In closing March abdicates in favor of April with her moving day, showers and garden making.

SPRING FEVER

A New York physician has created or resurrected a scientific name for a very old disease. It is "ergophobia," a combination of two Greek words meaning, "work" and "fear" and is used to describe a psychological ill which creates a feeling of panic in the presence of work.

The ergophobia, it appears, is not physically unfitted for manual labor but, like the person who has a deadly fear of standing on heights or being trapped in closets or walking through cemeteries at night, he is prey to a curious "dread of unknown shadowy" ills that may befall him if he works.

Fastening a fancy name on laziness will probably have no marked effect on the public's attitude toward the hobo. "Bum" is a shorter, more expressive and more memorable description than ergophobia. The rest of the world, which has its own periods of unenthusiasm over work, will still be inclined to attribute any permanent condition of that sort to what is known, however inaccurately, as shiftlessness. It will require more than a Greek name to uproot the idea that laziness is voluntary and as far as fear is concerned it will take time to wipe out the force of the old saying, "He isn't afraid of work—why, he can lie down beside it any day and go sound asleep."

The modern reformer apparently expects all to follow his "nose."

A million years of bold adventure resulting in civilized man, who sits on a stool and pores over a ledger.

This rising generation against which you hear so many complaints got many of its faults from associating with its parents.

The hundred-yard dash and broad jump are popular college sports which may be encouraged by auto accident insurance companies.

H. D. Keeling went to Waco Saturday to see, "The Big Parade."

C. L. Bates, traveling salesman for the Waco Electric Supply Company called on his customers Friday.

Mrs. P. C. Tarver of McAlister, Oklahoma, arrived in Cameron Tuesday afternoon to spend a few days in the home of Dr. and Mrs. G. B. Taylor, where her mother, Mrs. Frances Looney is recovering from an injury received in an automobile accident about two weeks ago.

Mrs. Tarver, in comparing "hard times" in Texas with Oklahoma, said in 1925 there were over twenty banks in Pittsburg County where she lived and now there are only six or eight, and in McAlister, her home town of a population of over 10,000 there is only one bank. Many stores have failed in the past six months and a large number of people are without employment. "Taking things as a whole as I see them in Texas, people ought not to worry as conditions here are far better than in Oklahoma," Mrs. Tarver said.

BIRTHDAY PARTY

Little Julian and Clara Baskin, twin children of Mrs. Julian Baskin, were given a party last Saturday afternoon by their mother. About fifty boys and girls were present.

Those winning favors in the cuts from the twin cakes with emblems in each section were: Thimbles, Theresa Manning and Helen Ryan; rings, Sam Tyson and Morgan Martin; dimes, Zora Clark Wilkerson and Gwayan Shipp; buttons, Grady Stidham and Billy Cooper.

Mrs. Grady Stidham and Miss Dallis Young assisted Mrs. Baskin in serving ice cream cones and toy balloons were given as favors.

"Uncle" Charlie Young Believed Texas Oldest Citizen Lives Here

The Temple Telegram has the following interesting account of "Uncle" Charlie Young, pioneer, who is well known to the people here. "Uncle" Charlie is of Indian extraction and has had a varied experience:

"Uncle" Charlie Young, pioneer Cameron resident, the oldest citizen of Cameron, is said to be one of the oldest men living in America. He was 14 years old when the Alamo fell.

"Uncle" Charlie has had a checkered career and carries the scars of nine bullet wounds, having been through Indian fights, having actively worked with cattle, been in the California rush and having served as a guide. He was born in the West Indies and came to Texas at an early age. Taking up with the Indians he learned their language, adding it, and English to his West Indian tribe language. His West Indian name was Cardilis De Cea Cardilis Civia.

He now tells very interestingly of having worked with cattle in long gone days, having earned \$120 a month instead of the usual \$35 for

hands because of his shrewdness and general utility. He helped to drive 2,400 head of cattle to Chicago from San Antonio and on one of his drives to Chicago he arrived to see the flag at half mast in mourning for the death of President Lincoln.

He was a guide for General McKenzie and was sent out to learn the fate of General Custer. He was shot down but his life was saved by the Indian squaws when he spoke their language. The following day McKenzie fell upon the Indian camp, killed all in sight and took his guide to an army hospital for treatment.

"Uncle Charlie" has remained single all these years and he is now on the county farm, having out-lived three generations of the Adams family, a pioneer family here which always befriended him and kept him in their household.

Confesses Burglary Of Milano Store; Is Held In Jail Here

Sheriff Blaylock has made quick work of the burglary of the Baggett Drug Store and Confectionery at Milano. One man is in jail and another is under arrest at Wharton. The third man has not been arrested.

The store owned by Jim and Alvin Baggett was burglarized about midnight Sunday night.

Sheriff Blaylock and Deputy Guy Pope were called to the scene of the robbery.

Chester Delaney, giving his address as Denver, Colorado was arrested on the road between Milano and Gause. He confessed to District Attorney Jack Lewis and went with Sheriff Blaylock to recover the stolen goods in hidden places Monday.

Jim Baggett who works at the express office in Milano was going to his work about midnight and seeing a light in the store stopped, thinking his brother was writing some letters. He walked in on the burglars, three of them, and they jumped through a window and escaped.

W. L. Patterson of Glen Flora was arrested Tuesday in Wharton by the sheriff of Wharton county and is in jail there. The third man has not been arrested. Delaney is in the Milam County jail.

AS YOU LIKE IT CLUB

One of the outstanding social events of the week was the entertainment given for the As You Like It Club by Mrs. R. H. McIntosh at her attractive home on North Central Avenue Wednesday afternoon, featuring the anniversary of Texas Independence.

The home was beautifully decorated with long stemmed red carnations

and dainty white and blue sweet peas.

In a contest each guest was given a cardboard where the map of Texas was to be drawn and a delightful love story was read giving the names of the towns that were laid hidden in the story and each guest was asked to locate the town by placing a pin where the town was supposed to be. This was a test of Texas geography. The guests were then invited into the dining room where two tables were decorated with the chosen flowers. Place cards directed the guests to their places, where a carnation was laid at each plate. The hostess, assisted by her charming little daughter, Katherine, served delicious refreshments. During the refreshment hour each guest was asked to relate some interesting event in the life of their family in the earlier days of Texas, which afforded much enjoyment and interest to the guests.

The following program was rendered: Mrs. Jeff T. Kemp read a poem on Texas.

Mrs. W. H. Henley read a paper on the six flags of Texas.

Mrs. T. S. Henderson paid a tribute to "The Lone Star State."

Mrs. J. C. Martin read a paper on "Why I Love Texas."

Those present besides club members were: Mesdames Arch E. McVicar, E. H. Hartle of Wichita, T. S. Henderson, Jeff T. Kemp and J. C. Martin.

STRAIGHT TALKS WITH AUNT EMMY

On Fifteen Per Cent Bonds

Mrs. Norris beamed as she greeted Aunt Emmy and exclaimed, "Now I know all my financial worries are over! I wanted to tell you right away."

"What have you bought this time?" Aunt Emmy demanded suspiciously.

"Well, I haven't paid the money over yet, but I have found the loveliest investment where my money will be perfectly safe and will earn a nice income for me right away," Mrs. Norris said. "I'm going to buy bonds, good safe bonds, that will pay me fifteen per cent interest."

"Wait a minute, you'll have to go some, Maud Norris, to tell me about 'good safe bonds' that pay fifteen per cent!" Aunt Emmy broke in.

"They are safe,—the man said so and this booklet says so too!"

"Do you know what a bond is?" asked Aunt Emmy.

"No, but it's awfully safe. I'm sure of that," Mrs. Norris said. "Every body knows that bonds are safe."

"My dear, some bonds are safe and some are not. When you buy a bond you simply lend your money to the company putting out the bonds. Bond issues are secured generally by the company mortgaging or pledging some of its property. In other words, it offers a certain asset as security that it will return your money to you on the date the bond matures. It agrees to pay you a certain sum each year for the use of your money, usually something between five and eight per cent. No company can afford to pay too much for its money—and as for fifteen per cent bonds—why it would be very unusual for a company to be able to earn enough to enable it to pay fifteen per cent for the privilege of using other people's money,—moreover, if it is good enough to borrow money at all it can borrow it more cheaply than that!"

"Oh dear!" wailed Mrs. Norris, "then a bond isn't a good safe investment."

"Don't jump at conclusions so fast!" said Aunt Emmy. "I did not say that. A bond is as safe as a church if the company that issues it is financially sound, has a high credit rating and is making money. Before you buy bonds assure yourself that the company behind them is above reproach."

H. D. Keeling went to Waco Saturday to see, "The Big Parade."

MASONIC FUNERAL FOR A. D. LUCAS, PIONEER

CONFEDERATE VETERAN HONORED BY FRATERNITY AT NORTH ELM

A. D. Lucas, 84, pioneer and confederate veteran, was buried Friday afternoon March 4, 1927 in North Elm Cemetery by the Masonic Lodge of Cameron of which he was a member.

The services were held in the church with Rev. E. L. Springer, former county missionary, pronouncing a beautiful eulogy over the body of the veteran.

Rev. Springer told much of the life history of Mr. Lucas, praising the sacrifices of the Confederate soldiers and their wives who stayed at home during the war.

Mr. Lucas was a member of the Masonic Lodge and was a loyal member for many years.

The service conducted at the grave by the Lodge was led by Judge John Watson assisted by Drayton McLane,

master of the Lodge.

A number of Masons from Cameron joined with Masons at Yarrington in conducting the services.

A. D. Lucas, 84, died at the residence of his son, W. M. Lucas Thursday March 3, 1927 at 6 o'clock a. m.

Mr. Lucas was a Civil War Veteran and a pioneer of Texas. He was born September 24 1842 in Birmingham, Alabama. He came to Texas in 1879 and settled in Parker County. For the past several years he has made his home with his son, W. M. Lucas in Cameron. Mr. Lucas had many friends who loved him for his noble traits of character and will mourn his death with his wife, seven boys, one daughter, thirty-three grandchildren and twenty-three great grandchildren.

Funeral services were held at North Elm Friday, March 4 with Rev. E. L. Springer, former Missionary of Milam County and a friend of the deceased, conducting the service. Interment was held in the North Elm Cemetery with Coleman-Eplen Undertakers in charge of the arrangements.

The Herald extends sympathy to the bereaved family in the loss of their loved one.

Robbers Employ Trick To Take Money From Cameron Merchant

A clever trick Saturday night cost Joe Pavelek, Cameron merchant, nearly \$20.00. Two men bought a bottle of pear extract and presented a \$20.00 bill in payment. As the change for the bill was being counted out to them they seized the money Mr. Pavelek was counting, retained their \$20. bill and ran away. No arrests have been made. This is the second time within three months that Pavelek has been robbed.

Mrs. P. C. Tarver of McAlister, Oklahoma, arrived in Cameron Tuesday afternoon to spend a few days in the home of Dr. and Mrs. G. B. Taylor, where her mother, Mrs. Frances Looney is recovering from an injury received in an automobile accident about two weeks ago.

Mrs. Tarver, in comparing "hard times" in Texas with Oklahoma, said in 1925 there were over twenty banks in Pittsburg County where she lived and now there are only six or eight, and in McAlister, her hometown of a population of over 10,000 there is only one bank. Many stores have failed in the past six months and a large number of people are without employment. "Taking things as a whole as I see them in Texas, people ought not to worry as conditions here are far better than in Oklahoma," Mrs. Tarver said.

ROBERT N. TURNEY, 82, PIONEER IS BURIED

OLD TRAIL DRIVER DEAD AFTER LONG AND ACTIVE LIFE HERE

The sad news of the death of Robert N. Turney, 82, of Hanover, which occurred Monday, March 7th at 3:40 p. m. cast a shadow of gloom over friends and acquaintances in Milam County where he has lived for a long time.

Mr. Turney was born September 25, 1844 in Franklin County, Tennessee. He came to Texas in 1852 and settled in Barks County. For two years he worked for the government driving cattle, and the remainder of the time he was with the Fourth Arizona Cavalry. After the war had closed he made seven trips up the trails.

Mr. Turney was a Christian and a member of the Methodist church, having united with that church in 1894. Funeral services were held at Liberty with interment in the Liberty Cemetery Tuesday, March 8th, with Rev. L. J. Power, pastor of the First Methodist church of Cameron officiating. Coleman-Epley undertakers had charge of the arrangements.

On September 23, 1874 Mr. Turney was married to Miss S. B. Kirk of Milam County, and to them were born twelve children, three of whom survive: J. D. Turney, Hanover; Mrs. W. W. Lantrip, Albany, Texas; Mrs. J. L. Hankford, Dallas, Texas.

Among those who attended from Cameron were H. F. Smith, Jr., G. C. Black, Judge Watson and Judge Kemp.

A short time before his death Mr. Turney told friends of some of his experiences as a trail driver. He was one of the men along with Jim Nabours who gave to Emmerson Hough his material for North of 36, a picturesque western novel of the cow plains and trails. Although he did not go up with the first herd to Abilene he went with others to the railroad then somewhere north of parallel 36.

One of his experiences was in 1871. R. N. Turney left Caldwell in that year with 500 steers, 3 to 5 years old. The trail required long hours in the saddle but the hardy pioneers were inured to hardships. The steers were owned by John Day. Other drivers were Baker, Mason and Harris from Lexington; a Mexican, a driver named Cook and one named Holt. They left the prairies in Texas in April when the grass was beginning to awaken from winter sod. The herd drove thru where Rockdale now stands.

"We drove through where Rockdale now stands," said Mr. Turney, "and camped the second night there. There was plenty of water. A rain came up that night and we had a stampede but we managed to hold the cattle. We went from there to where the town of Temple now stands. We stayed there two days and branded the cattle in pens owned by a Mr. Baggett. Then we took the regular trail which led through Fort Worth and we crossed the Red River at Red River Station. We then went through Oklahoma and crossed the Ouchita River at Pauls Valley. We saw lots of buffalo, deer and antelope and one herd of elk running wild on the plains.

"We were approached by a band of Osage Indians but Mr. Day gave them

each a plug of tobacco and they went on their way rejoicing. When we reached the Canadian River we swam the cattle and crossed the wagon on a raft. We stopped 60 miles up the Arkansas river and held the cattle there months. Day sold the cattle for \$25 per head. He paid \$10 for them. We all came back with the wagon except Mr. Day.

"We had a stampede in Kansas caused by stormy weather and it required about 3 days to get the cattle together again. We did not lose any cattle. The most trying time was at Gainsville where we had a four day stampede. I spent four days and nights in the saddle after the cattle.

"I went up the trail again in 1872 from Milam County. We left the Good-hugh Wilson place in early spring of that year with 800 cattle bought by Henry Ledbetter, Ira Cochran and Joe Ellison. Cochran lived on Little River east of Cameron. We crossed the Red River at Gainsville. We went thru the Nation and crossed the Arkansas River, swimming the cattle and rafting the wagons across. We saw many Indians but they were friendly. We herded the cattle in the Cherokee reservation. We crossed the Black River and carried the wagons across on a boat and the horses and cattle were driven through the water. From there we went to Baxter Springs and herded our cattle on the Ottawa reservation and then moved over on the Delaware. We stayed there about three months. Cochran and Ledbetter sold their cattle and came back to Texas. I stayed with Ellison for about a month longer. He invested in wagons, one of which was loaded with flour. This flour was sold at Baggett Depot at a profit.

"Will Harmon, a Cameron boy was with us. He came home with Mr. Ledbetter, Henry Davidson and Horace Ledbetter.

In his reminiscences Mr. Turney told of a school he attended in 1867. The teacher was Bob Wallace who later married at Caldwell and moved to Burnet County. The school was at Liberty where the present school house is now located. It was an old log cabin with split logs for benches. Tom Kirk gave him board free of charge. Others who went to school there were his wife, Bell Kirk, Tom Kirk, Enoch Fisher, Ab. Westbrook and Jesse Hood.

Mr. Turney says there was a stockade at Old Nashville in 1867 and he visited this. In school they used the old Blue Back speller and Davies arithmetic.

SHERIFF'S SALE

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 3rd day of March A. D. 1927, in a certain cause wherein the State of Texas is Plaintiff and A. Cuerington and Joe Hampel are Defendants, upon a certain judgment rendered in said Court on the 19th day of January A. D. 1927, in favor of the said, the State of Texas, Plaintiff, and against the said A. Cuerington and Joe Hampel Defendants, for the sum of \$294.62 dollars, and interest thereon at the rate of six per cent per annum from the date of said judgment, together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in April 1927 the same being the 5th day of

said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 2 o'clock p. m. and 4 o'clock p. m. on said day, proceed to sell to the highest bidder for cash in hand, all right, title and interest of said defendants, A. Cuerington and Joe Hampel in and to the following described real estate, levied upon as the property of A. Cuerington viz:

"All that certain tract or parcel of land lying and being situated in Milam County, Texas, and being a part of two 88 acre surveys of the James McLaughlin league more particularly described as follows:

W. corner of this survey thence W. 66 E. 456 vrs., to an iron stake, thence N. 36 W. 168 vrs., to an iron stake in the field, thence N. 66 E. 219 vrs., to a stake from which a gum elastic bush brs. N. 74 W. 3-4 vrs., and a ditto brs. S. 17 W. 1-2 vrs., thence W. 36 W. 522 vrs., to a stake in the N. line of this survey thence S. 66 W. 675 vrs., to the N. W. corner of said survey thence S. 690 vrs., to the place of beginning and containing 76 acres of land."

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject to any other and further rights the defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me as aforesaid, to satisfy the above described judgment and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 3rd day of March A. D. 1927.

L. L. Blaylock,
Sheriff of Milam County.
By Will Vaughan, Deputy.

GOT "BUMPED" BY COTTON AGAIN

SAME OLD STORY OVER AND OVER IN EVERY COTTON STATE.

Atlanta, Ga.—(Special.)—"We invited the present unsatisfactory cotton price situation when we failed to take notice of the danger signals flying on every hand at planting time last spring," declared H. G. Hastings, widely recognized agricultural authority and President of the Georgia Association, a statewide development organization with the avowed purpose of reeking up the slavery to cotton that exists so largely in Georgia and other cotton states.

"It looks as if our cotton farmers enjoy having the very life 'bumped' out of them ever so often the way they come back and invite 'bumping' every period of high priced cotton. It's a mystery the way they keep coming back for more punishment in the face of repeated 'bumps.'"

Our farm folks, our country bankers, supply merchants, etc., must all get it through their heads that the rules of the cotton growing game are changing. One-third to one-half bale per acre is a money loser on any price that is in sight. Low yields per acre always means high cost per pound.

There is one answer, and one answer only, to the cotton-growing problem, and that is less acres in cotton and more cotton per acre. As the yield per acre goes up, the cost of making it per pound automatically comes down. We can't have much control over selling price, but we can keep production costs down.

Less acres in cotton means more acres available for food and grain crops, cows, hogs and chickens. Cost of making cotton is largely a food and grain cost, food for the family and food for the working live stock. Corn, oats, hay and forage for the mules, horses, cows, hogs and chickens; meat, meal, fresh and canned vegetables and fruits for the family table are made at half the cost or less of what is paid for same to merchants or dealers.

In almost every cotton growing community there are one or more farmers "sitting easy" right now. The secret of their easy posture is that they own their cotton instead of owe it for food or grain or borrowed money. They are not pinched. They have corn or other grain in the crib, hay or forage a-plenty in stack or barn, meat either in smokehouse or on hoof, milk and butter from the cows and plenty of chickens for regular use, as well as when the preacher comes around. Most of it not all the year round there are fresh vegetables from the garden and home-canned goods from their own shelves instead of the merchant's.

The safe way, the only way to make you "sit easy" in times like this is to "live at home and board at the same place."

Less Meat If Kidneys Bother

Take a glass of Salts if your
Back hurts or Bladder
troubles you.

No man or woman who eats too much meat can make a mistake by flushing the kidneys occasionally, says a well-known authority. Big meat eating may develop uric acid, which excites the kidneys; they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood; then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleepiness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys; also to neutralize the acids in urine so it no longer causes irritation, thus often ending bladder weakness.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia water drink, which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications.

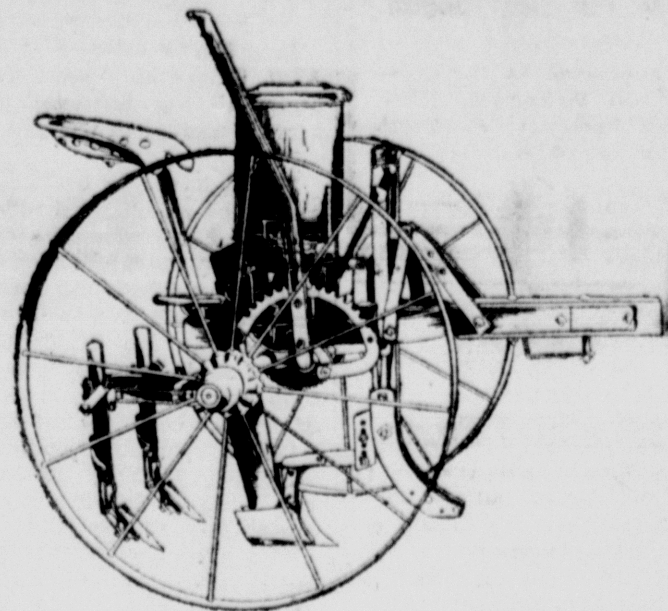

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes
Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

Robbers Employ Trick To Take Money From Cameron Merchant

A clever trick Saturday night cost Joe Pavelek, Cameron merchant, nearly \$20.00. Two men bought a bottle of pear extract and presented a \$20.00 bill in payment. As the change for the bill was being counted out to them they seized the money Mr. Pavelek was counting, retained their \$20. bill and ran away. No arrests have been made. This is the second time within three months that Pavelek has been robbed.

THE BASIC TROUBLE WITH AMERICAN AGRICULTURE

Many Mythical Causes Given But the Chief Financial Problem Rises From Inflation of Capital Account Based on War Prices—Remedy Pointed Out—"Trick Legislation" Will Not Help.

By MELVIN A. TRAYLOR
First Vice President American Bankers Association.

IN recent years agriculture and the welfare of the farmer have been our most fruitful topics of conversation. Political fortunes have revolved around the unhappy situation of the farmer and the business barometer has gone up and down with varying proposals for his relief. Only a few years ago there was widespread feeling voiced by the leading agriculturists that the time was fast approaching when America would not be able to feed its rapidly increasing population unless there was improvement in soil culture, fertilization, reforestation and larger production. What is the situation now? The worry seems no longer to be for food for the hungry millions but for more millions to consume our tons of food.

Evangelists of despair have talked so much about over-production and surplus of agricultural products since 1920 that we are warranted in calling attention to a fact or two which may be enlightening to those who have felt that there has been a crushing surplus of the staples of the

demand gone and buying power withdrawn he found his gross selling price cut in two. His gross at the high figure had enabled him to make 3 per cent net on his new capitalization. This now was cut one-half by the reduction of his gross selling price and instead of making a 6 per cent return, as he was able to do perhaps on his original \$100 acre farm, he has since been lucky if he has made 1½ per cent on his new capital account.

The Remedy I am confident that something of this kind underlies 75 per cent of the present difficulty. How can it be remedied? I believe that time and intelligent hard work is the surest restorative of better conditions. No magic of trick legislation can accomplish the result. There are a few facts which must be faced and accepted before a start to better things can be made. The first and most important is recognition that farming never was, is not now, and I do not believe ever will be a so-called money-making proposition. By this I mean a business in which a man may engage with the certainty of being able over a period of years from the production and sale of farm commodities to accumulate great wealth.

There are those who will say that unless farming can be made a successful money-making proposition there is no hope for the future of the country. My argument with such people will turn on the correct definition of what is a satisfactory money-making business. I believe that if farming is intelligently and industriously followed it is a satisfactory business but I do not believe that it is sufficiently a money-making proposition to attract those who are ambitious to play for big fortunes.

There are those also who say that many men have grown rich in the past in agriculture. I do not think they have from the mere production and sale of farm commodities. The men who have grown rich in the past from agriculture have owed their success most largely to the ownership of what would now be considered very cheap lands, which over a period of years have shown quadruple and more appreciation in values.

The Advantages of Farm Life But if agriculture does not mean great wealth, and it certainly does not involve a life of idleness, ease, or luxury, it does mean much more. It means if intelligently and industriously followed a character of independence vouchsafed to no other trade or profession. How do I know this? I know it by experience and I know it by observation. The farmers of today have more good, wholesome food than any man working on a salary of \$2,500 per year can buy for his family and be able to pay his grocery bill without paying any other of his debts. The farmers who are complaining of their inability to make money enough to pay for their necessities of life are enjoying at home as a natural heritage of their business comforts and luxuries which the man in the industrial centers working for a salary is spending every dollar of his income to obtain and then is not getting anything commensurate with those enjoyed by the farmer.

It is these so-called undelivered items of the farmer's income that are too often lost sight of in the calculations made by our reformer friends who would legislate a living wage and universal prosperity to those engaged in agriculture. If the farmer as a whole would be happy again he must take stock of his blessings and thank God for them, get rid of his quack doctors of political bunkum, revalue his plant and equipment, and start over again in full knowledge of the fact that he must face keen and effective competition, that he must work hard and intelligently, that he must calculate in his income inherent and undelivered items, which are not measured in dollars and cents.

When he does this, I feel perfectly certain that over a period of years, taking the good and the bad as it comes to all classes of business, he will find that he has lived well, that he has had a fair margin for the enjoyment of all the necessities of life and a surplus for those luxuries which he has a right to claim, and above all, that he will have had a chance to be an independent individual, a real man and a self-respecting citizen.

Results of Inflation and Expansion With the average and with the majority of those who were swept off their feet by the wave of prosperity through which they were passing, let us analyze the results of this inflation and expansion. The farmer operating on land that he was carrying in his capital account at a value of, say, \$100 per acre, and who perhaps had a loan of \$50 an acre, suddenly found that, because of the increased profits from his operations, his land had a market value of \$200 per acre and that, if he had a new tractor and some new farm machinery, he could greatly increase his production. But if he did that he would need a larger barn and more warehouse facilities. The chances are that with an appraisal of \$200 per acre on his land he increased his loan to \$100 per acre, thereby doubling his capital account and his bonded debt—not out of earnings but because of his ability to effect a "clean write-up" of 100 per cent of his plant account.

If he did not effect the doubling of his capital account in this manner, and if his \$100 acre farm was clear, he probably bought his neighbor's farm for \$200 per acre and mortgaged both the new and the old for \$100 per acre. In this latter case, he increased his capital account 150 per cent.

It is easy to see what this did to his net percentage of income. If he had been able to make 6 per cent on his original investment, without any allowance for the increased cost of operations which of course did take place, he cut his net income, based upon his capitalization, about one-half when he had completed his expansion program. But worse than that happened. His calculations had been made upon a price for his product which reflected wartime demand and buying power of government money which were suddenly curtailed. With

MILAM COUNTY HOME DEMONSTRATION COUNSEL MEETS

The Home Demonstration Counsel met last Saturday at the office of Miss Bartholomew, the Home Demonstration agent. The object of the meeting was to organize the counsel and elect officers. The weather, permitting only a few ladies to be present

the counsel decided to meet monthly, which will be the first Saturday of each month and to restrict the membership to the presidents and secretaries of the various Home Demonstration Clubs. Although the members of these clubs are cordially invited to attend the counsel meetings which will be just as beneficial as the club meetings.

After the business meeting Judge Gillis gave a very interesting lecture on diversified crops and making the farm home independent. The lecture was enjoyed very much. We were sorry that there were not more ladies present to hear Mr. Gillis, but he could not have had a more attentive audience.

The next meeting of the Counsel will be April 2nd at 2 o'clock with Miss Bartholomew and we want every member to come.

W. T. Mowdy M.D.D.S.

OBITUARY

Dr. William T. Mowdy was born April 5th, 1858. He died February 26, 1927. He graduated in Nashville, Tenn. at the Medical and Dental Department of the University of Tenn., in Dentistry in the year 1888, and in medicine in 1890. He located in Cameron, Texas in May 1890 and continued to practice dentistry at that place until his retirement just a few years ago. It was my privilege to be associated with him as a room mate in Nashville in the year 1889 and until February 1890. I have known and have associated with him from that time since. His whole aim in life has been to live according to the law of Christ.

"Recompense to no man evil for evil. Provide things honest in the sight of all men." The conversation of some men pass before us as a fleeting shadow, it was not so with this man. Thirty-four years ago I remember a short conversation I had with him and he was at that time without very much of this world's goods, and he said to me. I am going to make some money, I am not always going to stay poor but "Senny", he always called me

that, "I want to tell you something, if you succeed in a financial way you have got to keep your own counsel," he meant just this, that whatever you undertook to do keep the public from knowing how little you had or what you were about, I learned later to think of this, and it has proven true to me and will to any man who cares to watch the public.

He was a success in the business world, but as I look back over the many years of our acquaintance I see in the background a broader vision, a deeper meaning than all the cares and difficulties that are to be considered in our daily business activities.

It has been but a few short months ago that he told me he was preparing for the Journey which he took on the 26th of February, 1927, that he was ready and willing and that he did not dread Death, then I could see as I watched his life all these years that there was something that told me he had fought and he fell believing that he was on his journey to the best and brightest place. His faith was sublime, he no more doubted that he was to be eternally happy as any angel in existence, than he doubted the existence of Jehovah Himself. Conscious

of his own littleness, he did his best always, everywhere and under all circumstances.

"A pebble in the streamlet scant Hath changed the course of many a river;

A dewdrop on the baby plant

Hath warped the giant Oak forever."

His idea to help for the living and mourning for the dead might be expressed in few words. "When I am dead and my life's work is done; When I am about to be laid away to await the trumpet of the archangel, and my loved ones are gathered about my coffin to bid a last farewell to my remains, than I want no hypocritical encomiums or fair speeches of praise from those who cursed, or blamed, or falsely accused me in life; I want no preacher display of funeral oratory from those who could not or would not fellowship me in the service of the Master. If any have cheered or blessed me while living, or if there be any whose lives I have made brighter, any upon whose countenance I have provoked an innocent smile, or whose burdens I may have helped to bear; if these should attend my funeral and shed an honest tear or lay one flower upon my grave from sincere love, so be it and, may God bless them."

It was an inspiration to me to associate with this good man who has gone the way we shall all have to travel, for he feared God and kept his commandments.

The greatest consolation those near and dear to him that remain could desire is the promise that he shall live again, Solomon said, "Keep thy heart with all diligence; for out of it are the issues of life." Years later his Master and his Guide every day said, "Blessed are the pure in heart, for they shall see God."

A. FRIEND.

A TRIBUTE

Rockdale, Texas.

February 28, 1927.

Mrs. Mowdy and family,
Our dear friends:

We are sad at the death of your beloved husband and father, and mourn with you.

From out the dim and hallowed past comes a voice beckoning every child of the King to that Celestial Shore down by the Crystal Sea of eternal morning, and it is to that land "Of an uncloudy day" that we know your dear hearts and eyes are turned, in this hour of sadness.

And we pray as the evening sun has set for the life of your noble companion, and parent, that the Master Hand will guide and comfort you.

Realizing that "we too" must soon go to answer the great summons and take the long last sleep; it is inspiring to look back over a long, long span of years, and behold a life, that is replete with the deeds that were typical of the man of Gallilee's shore, and your departed loved one. And as he crossed the River of Life to commune with the spirits of another clime, he leaves upon earth the solemn race of man, many whose lives reflect the influence of this noble Christian character.

So Jesus, slowly, but surely drew the curtains of this life together, for your dearly beloved; it is only for a brief moment, for we shall see him face to face when "we have crossed the bar."

It is so sweet to "so live that when thy summons comes to join the innumerable caravan which moves to that mysterious realm, where each shall take his chamber in the silent hall of death. Thou go not like the quarry slave at night, scourged to his dungeon, but sustained and soothed by an unflinching trust, approach thy grave like one who wraps the draperies of his couch about him and lies down to pleasant dreams."

Our prayers at night time shall be that we too, shall, with your family, meet him in the skies. And we hope that many years will go by before your family circle will again be broken.

Affectionately and tenderly your friends,
Mr. and Mrs. D. L. Baggett.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of gripple, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

RESOLUTIONS OF RESPECT

To the Noble Grand, Vice Grand and members of Cameron Lodge No. 56 I. O. O. F. Cameron, Texas.

Your committee on resolutions regarding the passing of brother W. T. Mowdy, beg to report the following:

Brother Mowdy was born in Perry County, Alabama, April 5, 1858, and came to Texas at the age of ten years. He was a graduate in medicine and Dental Surgery of the University of Tennessee.

On February 26, 1890, he was married to Miss Adelia Barnes, and three children, Charles W. and Thomas J. Mowdy and Mrs. Wiley Mangum survive him. He enjoyed a large and lucrative dental practice in Cameron about thirty years, and after retiring from his profession remained in Cameron till his death, February 26, 1927.

Dr. Mowdy was a loyal and enthusiastic member of our lodge, a regular attendant on its meetings and active in its deliberations; always genial in

his disposition, cordial in his manner and gracious in his fellowship. Therefore, be it resolved:

1. That our fraternity has lost a faithful and appreciated member, whose departure we deeply deplore.

2. The State and society a useful and influential citizen, always zealous in the cause of the right;

3. The family a most devoted and affectionate husband and father, and we extend to them our fraternal sympathy, and commend them to "the only wise God, who is able to present them faultless before the presence of his glory with exceeding joy;"

4. That a page of the minutes of this Lodge be set apart for these resolutions, a copy be furnished the local press, and one be given to the bereaved family.

Fraternally submitted in friendship, love and truth.

W. W. Chambers
Chas. C. Smith
C. R. Law, Committee.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

You will have the quickest relief known. Always say "Rowles."

The importance of education for your children goes without debate. You may leave them penniless, but with an education they always can make their way in the world.

For that reason it is essential that you adopt some systematic plan of saving—some plan whereby they are assured the right kind of education.

Come to this bank and let us show you several excellent methods whereby you can set aside a certain sum over a certain number of years and provide for your children's future.

This Bank extends a welcome to Milam County School children for the Interscholastic Meet in Cameron March 18 and 19. The children are the citizens of tomorrow and their education is the security of the Nation.

New Essex Test Is Proof Of Durable Qualities of Car

An average of more than a mile a minute, 61.7 miles an hour, to be exact, was achieved by a standard Essex Super-Six Coach in a continuous run of nearly 14 hours on a dirt track at Tanforan, Cal., just outside of San Francisco, according to word received by Horstmann Bros. dealers in the Cameron area.

This record run, said August Horstmann, was made by amateur drivers who are connected with the service department of Stanley W. Smith, the San Francisco distributor for Hudson and Essex cars. The record was made under the supervision of newspapermen. Shortly after the test began, rain fell heavily, loosening the surface of the dirt track so as to interfere seriously with fast time. Writing of the run, one of the newspapermen who acted as an official observer said in part:

"Tanforan track was chosen to make the test of speed and stamina because it was the only available place in Northern California. The track was never designed for anything but horse racing and in the few attempts that have been made in the past to put motor cars over it at high speed, four lives have been lost on the unbanked sharp turns. In addition to these handicaps, the track had lain in disuse

for many months. It was overgrown with weeds, its surface rough and full of rain gullies.

"Adding to these difficulties, lowering clouds began to spill rain on the course at the outset and continued at intervals throughout the darkness. With no special equipment except shock absorbers and a spreadlight, the Essex battled these adverse conditions hour after hour. Its sturdy motor never missed a beat during the long hours of the night. Lap after lap, it tore down the backstretch at top speed ripping into the vicious curves at the ends, straightening out as it slithered through the mud and pounded over the wretched roadbed.

"The super-performance of the motor was equalled by the courage shown by the men who drove—none of whom had ever driven a car on a race track before. Several professional drivers who were present refused to go on, declaring that no automobile built could keep up such a terrific pace in view of all the obstacles.

Words can convey no adequate description of the punishment that the Essex car took in this long grind or the unflinching courage of the men who kept on, hour after hour, in the face of obstacles which would daunt the most stout-hearted. Yet, at the finish, the motor was functioning so perfectly that the car was driven with four passengers, including myself as official observer, to the top of Twin Peaks in high.

"After observing the run, checking every detail and examining the car, I believe that had weather permitted, it could have gone on at this high speed almost indefinitely, even under all the other adverse conditions encountered. "The record is surely proof positive of stamina, endurance, speed, reliability, roadability and power far greater than the most exacting person could expect in a motor car which sells for so little money. At Tanforan last Saturday and Sunday, if never before, the Essex earned its right to be called a "Super-Six."

This run follows one recently made at the Culver City, Cal., race track where for 24 consecutive hours, an Essex Super-Six Sedan averaged 53.8 miles an hour.

ONE can't feel well when there is a retention of poisonous waste in the blood. This is called a toxic condition, and is apt to make one tired, dull and languid. Other symptoms are sometimes toxic backaches and headaches. That the kidneys are not functioning properly is often shown by scanty or burning passage of secretions. SHERIFF'S SALE

By virtue of a certain order of sale issued out of the District Court of the Twentieth Judicial District of Texas, in and for Milam County, on the 3rd day of March A. D. 1927, in a certain cause wherein the State of Texas is Plaintiff and A. Cuernington and Joe Hampel are Defendants, upon a certain judgment rendered in said Court on the 19th day of January A. D. 1927 in favor of the said, the State of Texas, Plaintiff, and against the said A. Cuernington and Joe Hampel Defendants, for the sum of \$294.82 dollars and interest thereon at the rate of six per cent per annum from the date of said judgment, together with all costs of suit, and foreclosing a tax lien upon the hereinafter described property, I have levied upon and seized, and will, on the first Tuesday in April 1927 the same being the 5th day of said month, at the Court House door, of said Milam County, Texas, in the City of Cameron between the hours of 2 o'clock p. m. and 4 o'clock p. m. on said day, proceed to sell to the highest bidder for cash in hand, all right, title and interest of said defendants, A. Cuernington and Joe Hampel in and to the following described real estate, levied upon as the property of A. Cuernington viz:

"All that certain tract or parcel of land lying and being situated in Milam County, Texas, and being a part of two 88 acre surveys of the James McLaughlin league more particularly described as follows:

Beginning at the S. W. corner of a 176 acre survey for the S. W. corner of this survey thence W. 66 E. 150 vrs., to an iron stake, thence N. 36 W. 168 vrs., to an iron stake in the field, thence N. 66 E. 219 vrs., to a stake from which a gum elastic bush lies, N. 74 W. 3-4 vrs., and a ditto ovs. S. 17 W. 1-2 vrs., thence W. 36 W. 522 vrs., to a stake in the N. line of this survey thence S. 66 W. 675 vrs., to the N. W. corner of said survey thence S. 690 vrs., to the place of beginning and containing 76 acres of land."

Subject, however, to the right of redemption the defendant or anyone interested therein may have and subject to any other and further rights the defendant or anyone interested therein may be entitled to under the provisions of law.

Said sale will be made by me as aforesaid, to satisfy the above described judgment and the proceeds of said sale will be applied to the satisfaction of said judgment, foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the State of Texas, together with interest and the costs of suit and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the Defendants right to redeem said property in accordance with the laws of the State of Texas in such cases made and provided.

Given under my hand this, the 3rd day of March A. D. 1927.

L. L. Blaylock,
Sheriff of Milam County.
By Will Vaughan, Deputy.

RUN-DOWN

Cardui Starts Missouri Lady On Road To Health Again.

Mrs. T. G. Harris of Charlesburg, Mo., writes: "For two years, I was in very poor health, almost past going, so weak and run-down. I tried to make the most of what little strength I had left, but I could find nothing to start me on the road to health again until, one day, I decided to try Cardui. "I took Cardui for several months and was very much gratified with the results. I began to do my own work again. My color, which had been pale and sallow, became natural. My complexion cleared up. Cardui was just the tonic, I needed."

NEGROES CAN VOTE IN DEMOCRATIC PRIMARY

SUPREME COURT DECLARES NEGROES ENTITLED TO VOTE IN PRIMARY

Washington, March 7.—Political party primaries in states was held by the supreme court today to be subject to federal laws.

Deciding a case from Texas, the court held that the states are restricted in their jurisdiction over the primary and cannot bar voters from the polls on account of color or race.

Justice Holmes delivered the opinion, and no dissension was announced.

Negroes denied the right to vote in a primary on account of color, he said, had grounds for damages since the constitution guarantees the negro equal rights.

The Texas law prohibiting negroes from voting in the democratic primaries was therefore declared void and unconstitutional.

Two U. S. Amendments Cited

The court said it was not even necessary to take into account the fifteenth amendment, which give negroes the right to vote, because the injustice of Texas statute was sufficiently apparent when considered merely in the light of the fourteenth amendment which prohibited the states from making any law to abridge the rights of citizens on account of race or color.

The statute of Texas * * * assumes to forbid negroes to take part in a primary election, the importance of which we have indicated, discriminating against them by the distinction of color alone," said the opinion.

"The objection that the subject matter of the suit is political is little more than a play upon words."

The decision was handed down in the case of L. A. Nixon, an El Paso negro, who sought unsuccessfully in the lower courts to recover damages against election judges who refused to permit him to vote at a democratic primary election. Moorefield Storey, of Boston, his counsel, told the supreme court that 370,000 negro voters in Texas had been excluded as ineligible to participate in democratic

primaries. Nixon himself represented that he had voted the democratic ticket for years prior to passage of the law.

Damages May Be Recovered

"That private damage may be caused by such political action and may be recovered for in a suit at law hardly has been doubted for over 200 years it has been recognized by this court," said the opinion. "If the defendant's conduct was a wrong to the plaintiff, the same reasons that allow a recovery for denying the plaintiff a vote at a final election allow it for denying a vote at the primary election that may determine the final result. The important question is whether the statute can be sustained. "But although we state it as a question, the answer does not seem to us open to a doubt."

Episcopal Leader Will Preach Here

Another Crusader of the Episcopal church is coming to Cameron for a three day mission beginning, Sunday March 20th. This minister of the Gospel is Rev. W. D. Bratton, a son of Bishop T. D. Bratton of Mississippi.

Rev. W. D. Bratton is pastor of the celebrated Houston Eastwood Community Church and will bring a message suited not only to Episcopalians but to all who believe in the teachings of Jesus Christ.

NAUSEA

This and Other Troubles Relieved By Black-Draught.

Mrs. Ada Blackman, of Alexander City, Ala., writes: "From time to time, I would have spells of nausea, which would put me to bed. I would turn a dull, yellow color and, for days at a time, would have no appetite. Everything I ate sickened me. My mother had been a sufferer of Black-Draught for years, so while I was at home, visiting, she asked me why I did not try Black-Draught for my troubles."

"I began taking a small dose, three times a day, before meals. I kept this up for several weeks, and it was just a little while before I began to notice an improvement in my condition."

"Black-Draught is certainly a fine medicine. You will say the same thing, once you have tried Theodor's Black-Draught. For sale everywhere. 25c."

GRIPPING WAR FILM HERE THURS. & FRI.

AMERICAN LEGION PRESENTS
BIG SPECTACULAR WAR
SCENE AT YOE HI

Picture called the greatest portrayal of World War ever filmed, is being shown at the Yoe High School auditorium by the American Legion.

"The World War," the first comprehensive historical motion picture of the great conflict to be sanctioned by the United States Government will be shown Thursday and Friday, both afternoon and night, at the Yoe High School Auditorium under the auspices of the Edwin Hardy Post of the American Legion.

This picture is based entirely upon historical facts and scenes. Perhaps that is why it has been characterized by critics as "the most gripping and true story of the World War that has ever been told on the screen."

The perverted fictioning of a highly imaginative scenario writer did not make the thrills or the heartthrobs and the "human interest" of this unusual picture. The World War, cruel and real, created this film classic and gave it its most appropriate title.

"When this picture has been seen, the World War in all its magnitude in so far as the faithful camera records it, has passed in review," was the comment of Admiral W. S. Benson, U. S. N., after viewing the film.

Camera men were constantly in the shadow of death when they were "shooting" the scenes for this picture. Many lost their lives to give the record of "The World War" to the screen. Mr. G. F. Zimmer, connected with the Naval Intelligence Department during the war and who was detailed to film the scenes shown in this picture, escaped death by a narrow margin many times.

The screen version of "The World War" gives the story of that stupendous conflict in a way that is readily comprehensible to the audience. By use of maps that grow dark and light and extend and contract with the wiping out or taking of salients and the bending or breaking of battle lines, the progress of the greatest war in the world's history is made most graphic and can be readily followed. It

is said that the used of maps in this picture is the most interesting and graphic ever seen on the screen.

There will be two shows per day afternoon show begins at 3:00 o'clock and the night show at 8:00 o'clock. The admission for the afternoon is 20c and 25c; night 25c and 35 cents.

Track Winners Will Receive Silver Cup Now On Display Here

The winner of the class A track meet will receive the large silver loving cup that is now on display in the windows of the Jackson Pharmacy No. 2. This cup was bought by the Cameron and Rockdale high schools two years ago and offered to the winner of the meet each succeeding year, with the provision, that if one school won the cup three years in succession it should become the permanent property of that school.

The first year of competition for the cup was conceded to be a Rockdale year, but the dope bucket was given a big kick and the Yoemen won by the close score of 72 to 67. Last year the meet was held in Rockdale and the two teams were on even terms. From the first event on thru the meet the schools ran neck and neck during the meet until the 880 yard run was reached. The Yoemen needed 7 points out of this event to win the meet. We had a sure five points in the star of the team, Ed Thompson; but where were the other two points coming from? The team was called together and to determine who should be the second and third Yoemen in this event. Hooks Slocomb and Don Slocomb were selected, although they had never entered this event before, they were told to "get in there and stay with Ed," this they did and the Yoemen took the first three places and the meet was won.

Now we have reached the third year in the battle for this cup and the two schools seem to be on about even terms again this year. If the Yoemen win the cup, it is for keeps, but if we lose we will have to begin all over again.

Judges In Meet Here March 18 and 19th

Thos. A. Fisher, Cameron; Rex Corley, Gause; Henry Ross, Thorndale; Mrs. O. F. Robinson, Maysfield; J. O. Hughes, Maysfield; L. Van Perkins, Cameron; Miss Helen Flinn, Cameron; M. E. Blansett, Rockdale, Director of Arithmetic.

Counties: Bell, Coryell, Falls, Freestone, Limestone, Milam, McLennan and Robertson.

YARRELTON WINS COUNTY BASKETBALL CHAMPIONSHIP

The County Basketball Tournament was held in Rockdale February 4 and 5. Eight teams were entered and Buckholts and Yarrelton came to the final bracket. In the final contest Yarrelton won and represented this county in the district meet at Waco, here the Yarrelton boys did not last long before the fast playing of the Temple High School team.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Tennis Tournament

The tennis tournament for boys and girls will be held on the Yoe High School courts Saturday, March 12. All teams will meet at the Yoe High School at 9 o'clock and draw for positions. Play will begin immediately afterwards and continue until a winner is declared in each division. If the tournament is not completed on this date arrangements will be made to complete the play at another date.

Official Notices

In list of Junior Boys' track events on page 48 of the Constitution and Rules there is a misprint in the third event listed. It should read "440-yard relay" instead of "440-yard dash."

It would be noted that there is an overlapping of definitions 1 and 3, page 6, of the Constitution and Rules. The State Committee has ruled that a school can qualify as a high school under definition 3 cannot enter the Rural Divisions.

The Code of Honor of a Sportsman is that—

He keep the rules.
He keep faith with his comrades, play the game for his side.
He keep himself fit.
He keep his temper.
He keep from hitting a man when he is down.
He keep his pride under in victory.
He keep a stout heart in defeat, accept with good grace.
He keep a sound soul and a clean mind in a healthy body.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just time. Don't stay stuffed-up with a cold or nasty catarrh.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It
Brings Back Its Beautiful
Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Corns

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

BAPTIST CHURCH NEWS

DR. W. W. MELTON TO HOLD REVIVAL MEETING JUNE 5th-20th
THE TIME SET

Just recently the pastor asked the Board of Deacons and the church to be thinking over the matter of a revival meeting, as to the man and the time. The deacons asked that the pastor go ahead and use his own judgment and assured him of their co-operation, and their following of his lead. He brought the matter to the church and the church was of the same opinion, that the pastor should go ahead and make such arrangements as he deemed best and that they would fit into the program laid out.

Following the instructions of the church to go ahead for it, the pastor arranged for Dr. W. W. Melton to lead in this revival meeting. And when the matter was taken up with Dr. Melton as to the time he said that he had only one open date for this year that he could possibly get in a meeting. That was from June 5th through the 20th, giving us two weeks. And in the opinion of some that is the best time for a revival meeting, since it is just after the schools are out and before the people get away on vacations, and too it is before the weather is extremely hot.

The pastor is happy to have Dr. Melton come for this meeting for several reasons: 1. Dr. Melton is one of the best Bible preachers in the State. He has proven himself to be a man who knows the scriptures and is willing to just preach the Bible and leave the results with the Lord. Dr. Melton preached the Convention sermon last year at San Antonio, and that within itself is a recommendation of his ability as a preacher. 2. We will not fear the results of the meeting after the preacher is gone. It is an easy matter to get a man in for a revival meeting who will play to the gallery and stack the folk around himself, and get a lot of them to join him when we think they are joining the church and when the preacher is gone the meeting falls flat. We have no fear in that respect in connection with the coming of Brother Melton. 3. Another thing that we may be confident of, we will not be embarrassed by turning the pulpit over to Brother Melton. Some times a pastor turns his pulpit over to a visiting Brother and he is chagrined and embarrassed by some stunt or proposition that the visiting brother will make. But Brother Melton does not deal in that kind of stunts in the pulpit, and with perfect ease and fearing not at all any service the pastor will turn the pulpit over to Dr. Melton and feel confident that he will present the Word of God, the plan of Salvation and appeal to the heart and judgment of the people to accept Christ and there will be no occasion of any embarrassment. 4. Another thing that we may feel free about is that the people will not be embarrassed. Often times an evangelist or visiting preacher will make such propositions as if responded to, will embarrass the people, and if not responded to, will get a scoring. So we may not be uneasy in that way, knowing that Dr. Melton is a pastor and has a pastor's heart and knows the pastor's problems. He will come and preach to us the unsearchable riches of Christ.

NOTICE TO SUNDAY SCHOOL TEACHERS AND OFFICERS

It was decided in our last meeting of the officers and teachers of the Sunday School and requested that the pastor would publish again the reports of each class and department as he has done in the past. These reports will start again from next Sunday, so be ready to make a grade in your class that you will not be ashamed of.

The quotas were decided upon in that meeting for the various departments, and the quotas are given below and each department is asked to raise in the wiping out of the Sunday School Annex debt. It is now up to the Departmental Superintendents to get their teachers together and divide their quota with the teachers and classes, and get the classes and teachers to accept these quotas and then throughout the month of April endeavor to raise them.

You understand that the month of April your entire offerings will go to the liquidating of this debt, and the amount that you are asked to raise you have four Sundays in which to raise it, and you will find that it will be a very small offering if made four times, to bring up any quota set.

Following are the quotas:

Adults:	
Young People	\$125.00
Seniors	80.00
Intermediates	35.00
Juniors	40.00
Primary	15.00
Beginners	8.00
Cradle Roll	5.00

LAST SUNDAY NIGHT'S SERVICE

The pastor has been happy to have the many favorable reports of the service on last Sunday night rendered by Mr. Black. Mr. Black led in a great song service and made a short talk, which was of interest to the church people.

The pastor was out of town in behalf of the Conquest Campaign, and will be out next Sunday night, but arrangements will be made for a preacher to supply the pulpit on that occasion.

If Kidneys and Bladder Bother

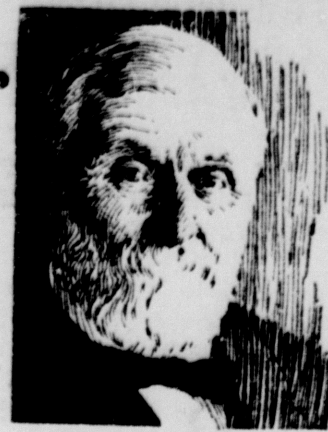

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and bladder irritations often result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast; continue this for two or three days. This will help neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia water drink, which often quickly relieves bladder irritation.

DR. W. B. CALDWELL
AT THE AGE OF 83

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, knew that constipation was the curse of advancing age, he did not believe that a "purgative" or "physic" every little while was necessary.

To him, it seemed cruel that so many constipated old people had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to "regulate" the bowels of old folks. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but each dose helps to strengthen the bowel muscles, shortly establishing natural "regularity." It never gripes, sickens

"Purges" and "Physics" Bad for Old Folks

or upsets the system. Besides, it is absolutely harmless and pleasant to take.

If past fifty, buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

DR. W. R. NEWTON

Building the Cameron Hospital was the subject of a talk by Dr. W. R. Newton before the Lion's Club.

When Dr. Newton began his work to erect the hospital he met with encouragement but the struggles were one to claim his best efforts and patience. Into the institution has gone his best work as a surgeon. He tells the story in his own fascinating way:

Back in 1911, I was doing considerable surgical work in the vicinity of Buckholts, taking a trained nurse out and performing operations in the homes. That year I built a small hospital at Buckholts and had my patients brought there. One day, when I was out on a call, it caught fire and burned down.

I then began looking around for a suitable place to erect a hospital. About this time I traded for the Arlington Hotel building at Marlin and thought of converting it into a hospital, but I received no encouragement from the Marlin doctors and finding that the building was a big fire-trap, I gave up the idea and visited Corsicana. I laid my plan to build a modern fire-proof hospital before the Corsicana Commercial Club. We had a meeting. The doctors of the city were present, they talked about the project but disagreed as to plans. One man offered to invest ten thousand dollars in it and another offered a lot, but the citizens soon split up into factions, so I came back to Milam County.

I remember I reached Cameron about midnight in December of 1912. It was cold weather. I met Jim Jackson at the depot, and asked him if he knew a good piece of property in Cameron for the location of a hospital

were needed. Not many people bought them, but I did sell them to 50 people. This gave me a building fund of \$5,000.

I owned a 300 acre farm and about this time I sold it for \$30,000. I then employed an architect who said he would draw the plans and loan me \$16,000 at 8 per cent. Said he would plan it so, if it was not a success as a hospital he could turn it into a hotel, but I told him I was going to build a hospital and it would be a success.

About this time I traded the Arlington Hotel property for unincumbered land and sold the land for \$15,000. Then the contract was let and the building finally completed at a cost of \$100,000.00.

My plans provided for an extra strong foundation so if needed, two more stories could be added.

Since opening the hospital the doctors of Cameron have co-operated so loyally that it has been a success. Besides the hospital we have a successful school for nurses. The Cameron physicians have delivered helpful lectures to the school of nurses and helped in many ways. I wish to thank them as well as all the people of Cameron for their hearty co-operation and friendship to the hospital.

Dr. Jas. Watson, chairman of the program committee, thanked Dr. Newton for his talk and stated that the Cameron Hospital merits the loyal support of every citizen of Cameron. It is a valuable adjunct to our city and one of which we are all proud.

BUSINESS AND PROFESSIONAL WOMEN MEET

A delightful Saint Patrick party was enjoyed by the Business and Professional Women's Club at their regular meeting at the Country Club last Tuesday evening.

A splendid menu was served and a short business session was held by the president, Miss Rose Rischar, at which time the resignation of Miss Jane Caton was read. Miss Caton has been a valuable member of the club since its organization, and lately moved to Lubbock. It was with regret

her resignation was accepted. She was also corresponding secretary for the club, and her vacancy was filled by the election of Miss Lucille McLerran.

The club was favored with a catchy reading by little Miss Gladys Jewell Copus, which was heartily enjoyed, responding with a delightful little song and reading.

Seven tables of players enjoyed the game "Old Maid," after which a balloon chase was engaged in by all present, producing much fun and enjoyment.

After swearing by all the fish that fly in the sky and all the moons that shine under the sea, not to reveal by word or deed, the guests were conducted through the wonderful feat of kissing the Blarney stone by Miss Delphya Scott, who took them behind a curtain and blindfolded them and assisted them up a step and requested to stoop over and kiss the famed stone. At this juncture an icy hand was pressed against their cheek, producing thrills and laughter. When they became a full fledged Knight of the Blarney Stone, they were given a novelty white and green crepe paper say that was worn during the evening.

The following were guests of the Club during the evening: Misses Katherine Ledbetter, Mabel Wade, Gladys Jewell Copus and Mrs. Billie Marek.

Chairman for next month's meeting, Miss Annie Stallworth, assisted by Misses Theresa Jensen, Lena Yoe, Grace Stallworth and Mrs. John Olson.
